Guarantee: One year against manufacturers defects. Normal use.

Warning: Do not leave a new composite boat in the hot sun tightly wrapped in a clear/impermeable plastic cover.

A new boat continues to cure (ie. off-gas) after delivery when exposed to heat/direct sunlight.

A tightly wrapped clear/impermeable plastic cover traps the gasses and they may discolour the gelcoat finish.

This as happened to less than 1% of the boats we delivered.

Use a cover that is permeable to gas
